## AN HONORARY SOCIETY DEDICATED TO INTERNATIONAL SCHOLARSHIP

Phi Beta Delta is the first honor society dedicated to recognizing scholarly achievement in international education. The Society, founded at California State University - Long Beach in 1986, was established as a national organization with 38 chartered chapters in 1987, and has grown to become an international society with over 150 chapters.

Phi Beta Delta's goals are:

- to recognize the scholarly achievement of international students and scholars, U.S. students who have studied abroad, and faculty and staff who are involved in international activities;
- to advance the development of academic-based international programming;
- to provide a network on each campus for faculty, staff, and international students involved in international endeavors; and,
- to extend the network of members in chapters worldwide.

## THE SOCIETY

Phi Beta Delta, under the leadership of the Board of Directors, sets criteria for, and approves the formation of new chapters. It provides on-going support in chapter development. The Board coordinates the Annual Conference, which consists of panels and invited papers that explore significant issues in international education and exchange. Society annual dues fund a variety of initiatives, including the newsletter, *The Medallion*, and a program which provides awards for faculty, staff, and students.

## THE CHAPTER

The Phi Beta Delta chapter serves as a catalyst for recognizing and promoting international endeavors on the campus. Elected officers guide the chapter in initiation of new members and in scheduling events and activities of interest to the membership. Some chapters publish newsletters for their membership.

## THE MEMBER

Individuals who have demonstrated scholarly achievement in the international arena are nominated for membership in Phi Beta Delta. There are four categories of members:

- **international students** who have demonstrated high scholastic achievement at their US institutions;
- **domestic students** who have demonstrated high scholastic achievement in the pursuit of academic studies abroad;
- **distinguished faculty, staff, and visiting scholars** involved in international endeavors such as teaching, administering exchange programs, conducting research, or providing services and programs to international students and scholars; and,
- **honorary members** who have achieved extraordinary feats of internationalism.
